Forecast For Wales
Issued by Met Office Exeter
at 0400 on Saturday 18 Sep 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy with rain in the west. Sunshine and showers elsewhere.

Today:
A cloudy start, with outbreaks of light rain and drizzle, especially in the west. Staying cloudy and damp in the west throughout. Brighter skies elsewhere, with the chance of showers developing in the afternoon, locally heavy at times. Feeling warm. Maximum temperature 22 deg C (72 deg F).

Tonight:
Turning cloudy and wet for all into the evening, as coastal rain moves eastwards through the country. Followed later overnight by another band of rain. Downpours locally heavy in north. Minimum temperature 9 deg C (48 deg F).

Sunday:
Beginning wet and cloudy on Sunday, with some organised heavy showers moving slowly east across the country. Becoming drier with sunny spells from the west during the afternoon. Feeling fresher. Maximum temperature 20 deg C (68 deg F).

Outlook for Monday to Wednesday:
Fine and dry with sunny spells Monday and Tuesday after fog patches have cleared, with the chance of showers. Turning breezy Tuesday with rain arriving overnight and into Wednesday.
